Serving Eastern Massachusetts  
and all of Rhode Island

# Welcome to NECHV

The NECHV, located in Downtown Boston, is a multi-dimensional service and care provider that assists Veterans who are facing challenges with a broad array of programs and services that enable success, meaningful employment, and dignified, independent living.

We offer Community-Based Case Management Services for Eastern Massachusetts and all of Rhode Island.

## PROGRAM DESCRIPTION

The Community-Based Case Management Program provides time-limited case management services to eligible Veterans and their families.

The goal of the program is to help Veterans who were previously homeless and have since transitioned into permanent housing maintain their housing.

The role of the Community-Based Case Manager is to assist Veterans in maintaining their permanent housing.

The Community-Based Case Manager will meet regularly with each Veteran to learn more about their history and service needs in order to connect them to services, benefits and resources that will best aid in housing retention.

## CASE MANAGERS PROVIDE:

- Clinical Case Management and stabilization support
- Connecting to community-based resources
- Budgeting support
- Community referrals
- Assistance with understanding tenant and landlord responsibilities
- Assistance with navigating public transportation
